(3) All human remains resulting from the anatomical examination of any body shall be buried or cremated in accordance with the written instructions of an Inspector of a school of anatomy.

(4) A register shall be maintained in every school of anatomy, by or under the supervision of the senior teacher thereof, wherein is recorded the date of reception, the place from which received, the sex, and, as far as is known at the time, the name and age of every person whose body has undergone anatomical examination, and the date of burial or cremation of such body.
